Goods of the Woods LLC

—EST. 1936—

In 1936 Goods of the Woods began producing pine cones that burn with color in wood fires. Over eighty-five years later we still offer color cones - but just look at how we have grown! We now offer the largest selection of 4ft, 5ft and 6ft half-round hearth rugs in the industry - all meeting CPSC FF-70 flammability test standards. GUARDIAN fiberglass rugs offer the highest protection you can put in front of your fireplace. Our 100% WOOL rugs are made from the finest traditional material, and yet are great values. We offer collections in fiberglass, nylon, olefin, polyester and natural sisal - ALL PROUDLY MADE IN THE USA.

LODGE COLLECTION (approx. 50" x 30")
Our **Lodge Collection** pays homage to the craft of old-world rug making, drawing inspiration from the colors, looks, and feel of traditional rugs from years past. Our soft fringe yarn beautifully showcases traditional designs and our unique shrink yarns add texture, with a loop effect that emulates hooked rugs. Our old world color palette features traditional colors and has been modernized with beautiful neutrals for balance. Proudly made in the USA.

HEIRLOOM COLLECTION (approx. 50" x 30")

The **Heirloom Collection** is made from 100% heavy-weight heat set polypropylene yarn. This collection has a soft, plush, 11mm pile height. These rugs are easy to clean, built to last, and proudly made in the USA.
