

INSTALLATION INSTRUCTIONS DECORATIVE FRONTS

FOR USE ON: (A)DVC(20,26,28)IN FIREPLACE INSERTS

	(A)DVC20IN		(A)DVC26IN		(A)DVC28IN	
	Black	Bronze	Black	Bronze	Black	Bronze
Lancaster	DVF20HBL	DVF20HBZ	DVF26HBL	DVF26HBZ	DVF28HBL	DVF28HBZ
Transom	DFD20DBL	-	DFD26DBL	-	DFD28DBL	-
Horizon	DFD20HBL	-	DFD26DHBL	-	DFD28HBL	-

TOOLS REQUIRED: Gloves, Standard flat screwdriver, and a Philips screwdriver

1. Unpack contents and check for damage.
2. Remove the Barrier Screen from the DVC series Fireplace Insert.
3. Lay the Barrier screen assembly face down on a soft protective surface such as carpet. Using a Philips screwdriver, remove six screws that hold the top and bottom brackets to the screen frame and set them aside. **See Figure 1.**
4. Unbend the two top tabs on the outer screen frame, then remove the screen from the frame, and set the frame aside. The outer frame must be removed from the screen to allow additional clearance for the Decorative Front to be installed.
5. Re-attach the top and bottom brackets to the screen (without the outer frame) with the screws removed in step 3. **See Figure 1.**
6. Re-install the Barrier assembly to the Fireplace Insert.
7. Install the Decorative Front to the Insert by sliding the side flanges between the Barrier screen assembly and the Surround. **See Figure 2.** There are four small engaging hooks that will mate up with slots in the Insert front side flanges. **Figure 2** shows the different Front styles that are available.
8. The outer frame removed from the barrier screen in step 4 can be discarded since it is not needed.
9. Installation is complete.
