GRAND GAS CANYON LOGS

"REAL LOGS... FROM REAL PEOPLE"

**2016
PRODUCT CATALOG**

Grand Canyon Gas Logs

Established in 2013 to bring a functional design and stylish looks to the hearth industries gas log market.

The combination of the industries most detailed logs and largest flame burners, Grand Canyon Gas Logs has earned the reputation of quality over quantity.

Designed, engineered and manufactured in the United States, Grand Canyon Gas Logs craftsman pour American pride into each log and burner they build.

Our logs are individually cast and hand painted to perfection by our artist giving our logs the most realistic look with the greatest detail.

Our burners are built with a 304 20 Gauge stainless steel frame, quality which is unmatched in the gas log market place.

All products manufactured by Grand Canyon Gas Logs carry a lifetime warranty when installed inside your fireplace.

Take a look at our products to truly understand the Grand Canyon Gas Log difference.

Who Is Kyle?

Kyle is a real bearded man scanning the Arizona country side in search of the finest logs. This is not a mythical creature that we have created but a real person that would love to shake your hand. Kyle's jolly spirit is infectious and his tenacity and work ethic is unmatched by any of the log hunters of his kind. The spirit of Kyle is the foundation of Grand Canyon Gas Logs striving to bring reality to an old industry. Grand Canyon Gas Logs, "real logs from real people".

The image shows the Grand Canyon Gas Logs logo, which features a mountain range and the text "GRAND CANYON GAS LOGS". Below the logo is the website "GrandCanyonGasLogs.com" and a QR code. To the left of the logo is a circular seal that says "MADE IN USA". To the right of the logo is the text "CERTIFIED REALISTIC". At the bottom of the image are three logos: "NFI ADVOCATE", "O-TL C US OMNI-Test Laboratories, Inc.", and "HPBA Hearth, Patio & Barbecue Association".

ARIZONA WEATHERED OAK

3BRN-30 / AWO30LOGS

ARIZONA WEATHERED OAK

logs were found in the mountains of the Northern Arizona forest. Infected all of the logs that make up this collection were gathered from one tree that was hit by lightning more than 40 years ago.

The effects of the lightning strike created bulges, twisting and cracking in the wood which are unique to our Arizona Weathered Oak collection.

Available sizes 18" - 42", Front View & See Through

ARIZONA JUNIPER

3BRN-24 / AJ24LOGS

ARIZONA JUNIPER

is found in the washes and valleys of the Northern Arizona terrain. Much of the character of the natural wood comes from the rainy springs and hot summers causing exotic cracking and wild twisting in the wood. Our log hunters hiked the washes hand-picking each of the logs that sit in the Arizona Juniper sets. Take notice of the detail in each one of the logs that feature deep cracking, pitting and natural wood decay only perfected by Mother Nature.

ARIZONA WEATHERED OAK CHARRED

2BRN-30 / AWOC30LOGS

ARIZONA WEATHERED OAK CHARRED
collection combines the detail and beauty from our native series and adds the extra dimension of an authentic charred look. Our log hunters hand-picked each of the logs and then burned the front logs right in half. Once burnt the logs are molded to capture the most realistic looking charred set on the market.

KIVA SERIES

KVIVBRN-30 / AJ-KIVALOGS

KIVA SERIES

A Southwest favorite the Kiva Series has been found to be a very versatile burner system. Designed to fit Adobelite Kiva fireplaces, burners 18, 24 and 30 have actual overall widths of 12", 18" & 21". With an overall depth of 9" this burner packs a punch for its small stature. Log options available are the Arizona Weathered Oak or the Arizona Juniper.

Kiva Burner AWO

Kiva Burner AJ

JUMBO SERIES

Our Jumbo Series matches our massive Jumbo burners with our hefty Jumbo Arizona Weathered Oak Logs. The 1" tines on the burner are a perfect complement to the 12" diameter of the Jumbo Arizona Weathered Oak front log. Big tines and big logs are not all this collection has to offer as massive flames are the final part of this 3 headed beast. Available in standard sizes 42", 48" & 60" front view and see through and custom sizes greater than 60".

Jumbo Burner 60" AWO

LINEAR FIRE BEADS

Grand Canyon Gas Logs proprietary designed football shaped Linear Fire Beads are designed to sparkle and shimmer like no other glass beads. These unique designed beads radiate the heat out into the room for hours of enjoyment. Available in 7 different colors for Indoor and Outdoor use and sold in 10 pound packages.

GAS BURNERS

Grand Canyon burners are manufactured with American pride in the Hearth land of the United States. Our 2 & 3 burner systems are ANSI certified from sizes 18" - 42" and all burners manufactured are factory tested to meet ANSI standards. Stainless Steel pans and Schedule 40 hard pipes are just some of the reasons

Grand Canyon burners stand out from the rest. With a lifetime indoor use warranty our burners are built to stand the test of time.
