## Less Weight Than a Wood Mantel

Placed inside your home or outdoor living area, this one can withstand the fluctuating temperatures from arctic cold to the heat of the equator. Hang your stockings on our exquisite mantels for the Christmas season and place your treasures for display on MantelX mantels year 'round!

## Real Look of Wood With No Trees Cut!

Our design at MantelX closely resembles antiquated wood that has been hand hewn. There is a very limited supply of old growth timber. If you could find undamaged pieces, having them trimmed by hand in the traditional way would be very expensive. Our finely crafted pieces are molded from actual mantels at prestigious historical landmarks and give the look of olde world craftsmanship at a fraction of the cost!

## Easy Installation

DIY friendly this MantelX mantel can be installed in under 10 minutes!

- ▶ All hardware provided.
- ▶ Requires only 2 people for installation.
- ▶ Printable .PDFs available for reference.
- ▶ May be installed on masonry or wood framed walls.

## Color and Style Options

Rustic elegance at a great value!

- ▶ Traditional
- ▶ Lodge
- ▶ Cottage
- ▶ Contemporary
- ▶ Urban
- ▶ Olde World
- ▶ Farmhouse
- ▶ Industrial

Whatever your preference we can accommodate with our variety of colors and designs!

## Washable - Just Wash That Dust Off!

If using your dust cloth on a dusty piece of wood you must be prepared for splinters and crevices to catch on the cloth. With MantelX cleaning is made so simple! Just by using a wet cloth, your mantel will be looking like new in a matter of seconds. No cleaner, chemicals or polishes needed!

## Made in the USA

At MantelX we believe in hard work and traditional American values. A veteran friendly company, we are always looking for the opportunity to employ or help service men and women. We support our troops and thank them for their service whether active duty, reserve, veteran, or retired, etc.

## Hearth

Solid hearth piece available in every color. 6' wide.

## For Indoor or Outdoor Use

100% UV resistant. MantelX mantels will never fade.

## Put Your Mantel Where You Want It

MantelX non-combustible mantels can be lowered to give room for a large tv or painting with no fear of overheating!
